TEACHERS FEEDBACK ANALYSIS REPORT 2019-2020

The feedback data from 2019-20 on various aspects of the college reveals mixed reviews across different categories. The general ambience of the college is perceived variably, with nearly equal numbers rating it from excellent to very poor. The library resources are considered excellent by some, yet many find them inadequate, reflected in higher poor and very poor ratings. The infrastructural facilities have a balanced mix of positive and negative reviews. However, support for field visits and projects is rated more positively, with the majority rating it as very good. Curriculum enrichment activities focusing on gender, human values, and environmental sensibility are highly regarded, with a significant portion rating them excellent. The assessment of academic performance is also viewed favorably, with the highest number of excellent ratings, though a notable number till see room for improvement. Overall, while some areas receive commendation, others indicate a need for enhancement.
